

Eric Gilleland

National Center for Atmospheric Research | PO Box 3000, Boulder, CO 80307-3000
EricG @ ucar.edu | <http://www.ral.ucar.edu/staff/ericg> | 303 497-2849 (voice)

Research interests include: forecast verification methodology, applied spatial and extreme value statistics.

Personal Preparation

Ph.D., 2005, Statistics, Colorado State University, Fort Collins, Colorado

M.S., 1998, Statistics, Arizona State University, Tempe, Arizona

B.A., 1996, Mathematics, University of Colorado, Boulder, Colorado

Appointments

12/03/2002–Present: Research Applications Laboratory, National Center for Atmospheric Research

- Project Scientist II (12/18/2013–Present)
- Project Scientist I (10/30/2006–12/18/2013)
- Associate Scientist III (6/1/2006–10/30/2006)
- Associate Scientist II (12/03/2002–6/1/2006)

10/19/1998–12/03/2002: Geophysical Statistics Project/Atmospheric Technology Division, National Center for Atmospheric Research

- Student Assistant III/Graduate Research Assistant

1998–1999: Lecturer, Department of Mathematics, Front Range Community College, Fort Collins, Colorado

1996–1998: Teaching Assistant, Department of Mathematics, Arizona State University, Tempe, Arizona

1993–1996: Math Tutor, Athletics Department, University of Colorado, Boulder

Publications

Refereed

Newman, A. J., M. P. Clark, R. J. Longman, E. Gilleland, T. W. Giambelluca, and J. R. Arnold, 2019. Use of daily station observations to produce high-resolution gridded probabilistic precipitation and temperature time series for the Hawaiian Islands. Accepted to *J. Hydrometeorology*

Gilleland, E., 2004. Optimizing METAR Network Design for Verification of Cloud Ceiling Height and Visibility Forecasts, conference proceedings (preprint) for the 2004 joint meeting of The Fifteenth Annual Conference of The International Environmetrics Society and The Sixth International Symposium on Spatial Accuracy Assessment in Natural Resources and Environmental Sciences, 28 June - 1 July, 2004, Portland, ME.

Gilleland, E., 2004. 2.5 Improving forecast verification through network design, proceedings of the 17th Conference on Probability and Statistics in the Atmospheric Sciences, 84th Annual Meeting of the American Meteorological Society (AMS), 10 - 15 January, 2004, Seattle, WA.

Grants and Contracts

Genex Systems LLC award, Investigating trends in extreme precipitation for highway bridge safety, 04/01/2016–06/30/2016, PI.

Risk Prediction Initiative (RPI), “Development of an Improved Database for Tropical Cyclone Size Parameters,” 10/01/2013–1/1/2016, co-PI.

NSF Earth System Modeling (EaSM), “Advanced Climate and Regional Model Validation for Societal Applications”, 2012–present, co-I.

Environmental Protection Agency (EPA), “Using Advanced Statistical Techniques to Identify the Drivers and Occurrence of Historical and Future Extreme Air Quality Events in the United States from Observations and Models,” 6/1/2012–5/31/2015, collaborator.

Invited Talks

Forecast verification for solar power forecasts. 19 July 2018, The 28th Annual Conference of the International Environmetrics Society, 16 - 21 July 2018, Guanajuato, Mexico (invited talk).

Verification within complexity: Comparing spatial fields. 25 April 2018. Institute for Mathematics and its Applications (IMA) Forecasting from Complexity Workshop, 23 - 27 April 2018, Minneapolis, Minnesota, U.S.A. <https://www.ima.umn.edu/2017-2018.6/W4.23-27.18>.

Extreme value analysis with the R package extRemes. 28 August 2017, Environmental Risk Modeling and Extreme Events Workshop, 28–31 August 2017, Montreal, Quebec, Canada

Statistical Applications for Severe Storm Environments. 17 February 2017, Universit degli Studi di Torino, Turin, Italy.

Towards finding trends in extreme values of precipitation: A preliminary Analysis. 24 October 2016, STATMOS Workshop on Climate Extremes, 23–25 October 2016, State College, Pennsylvania, U.S.A.

Evaluating Severe-Storm Environment Variables from the North American Climate Change Assessment Program Climate Models. 17 October 2016, Mathematical and Statistical Sciences Department, University of Colorado, Denver, Colorado, U.S.A.

The spatial prediction comparison test. 6 October 2016, Met Office, Exeter, United Kingdom.

Evaluation of weather and climate forecasts: A 2016 perspective. 96th Annual American Meteorological Society Meeting, 23rd Conference on Probability and Statistics in the Atmospheric Sciences, 14 January 2016, New Orleans, Louisiana, U.S.A. (presented for Barbara G. Brown)

Testing the tests: A look at size and power for hypothesis tests of competing forecasts. 96th Annual American Meteorological Society Meeting, 23rd Conference on Probability and Statistics in the Atmospheric Sciences, 13 January 2016, New Orleans, Louisiana, U.S.A.

Conditional Extreme Value Analysis for Severe Storm Environments. 20 November 2015, NCAR/IMAGe ToY seminar, Boulder, Colorado, U.S.A.

Which forecast is better? 10 November 2015, Big Data & Environment Workshop, 10 - 13 November 2015, Buenos Aires, Argentina (<http://www.cima.fcen.uba.ar/UMI/bde/index.php>).

Conditional extreme value analysis for severe storm environments. University of Colorado, Department of Applied Mathematics colloquium seminar, 23 January 2015, Boulder, Colorado, U.S.A.

Mesoscale Verification Intercomparison over Complex Terrain (MesoVICT) Project. University of Delaware SIAM Chapter seminar, 17 April 2014.

Testing competing models on spatial fields. GC14B-05, American Geophysical Union Fall Meeting 9–13 December 2013, San Francisco, California, U.S.A., 9 December 2013.

A conditional extreme value model for severe storm environments. International Short Conference on Advances in Extreme Value Analysis and Application to Natural Hazards, 18 - 20 September 2013, Siegen, Germany, 18 September 2013 (keynote presentation).

Extreme Value Analysis and Ventures into Space and Time. Next Generation Climate Data Products Workshop, 15 - 19 July 2013, Boulder, Colorado, U.S.A., 15 July 2013.

The Spatial Prediction Comparison Test. 14th Annual WRF Users' Workshop, Boulder, Colorado, U.S.A., 28 June 2013.

A conditional distribution for severe storm environments. Colorado School of Mines, Applied Mathematics and Statistics Colloquium seminar presentation, 22 February 2013, Golden, Colorado, U.S.A.

Spatial Forecast Verification methods overview. 5 February 2013, 2013 WRF Winter Tutorial and MET Tutorial, 4 - 5 February 2013.

Predicting and evaluating extreme weather events, 12th Experimental Chaos and Complexity Conference, Ann Arbor, Michigan, 18 May 2012.

Spatial Forecast Verification, WRF User Tutorial, 23 January - 3 February, 2012, Boulder, Colorado, 31 January, 2012.

Extreme Value Analysis. Guest lecture for the Systems Thinking class at Leeds Business School at the University of Colorado, Boulder, 8 March 2011.

Some extreme value problems in climatology. Extreme events in climate and weather an interdisciplinary workshop (10w5016), Banff Centre, Banff, Alberta, Canada, 22-27 August 2010.

Spatial Forecast Verification. NCAR Fleishman Building, Boulder, Colorado 14 June 2010, 2010 Advanced Study Program (ASP) Forecast Verification Colloquium.

Confidence Intervals: Giving meaning to your results. NCAR Damon Room, Boulder, Colorado, 9 June 2010, 2010 Advanced Study Program (ASP) Forecast Verification Colloquium.

Spatial Extremes in Atmospheric Problems, The 19th TIES Conference 8-13 June 2008 Kelowna, BC Canada.

The Image Warp for Gridded Forecast Verification, The 19th TIES Conference 8-13 June 2008 Kelowna, BC Canada.

Extremes and Atmospheric Data. 2007-08 Program on Risk Analysis, Extreme Events and Decision Theory, Opening workshop, 16-19 September, 2007, Research Triangle Park, North Carolina, U.S.A.

The Extremes Toolkit: Weather and Climate Applications of Extreme Value Statistics. 4th Conference on Extreme Value Analysis: Probabilistic and Statistical Models and their Applications, 15 - 19 August, 2005, Gothenburg, Sweden.

Educational Services

College Courses

Lecturer for MATH 6330: Workshop in Statistical Consulting. University of Colorado, Denver. Spring 2018 semester.

Short Courses

- 9th International Extreme Value Analysis Conference Satellite Workshop on Statistical Computing for Extremes, 14 June 2015, Ann Arbor, Michigan (invited co-organizer/instructor)
- Introduction to R, Siparcs workshop, 20 May 2015 (invited instructor/organizer)
- WCRP-ITCP Summer School on Attribution and Prediction of Extreme Events. 21 July - 1 August 2014, Trieste, Italy (invited instructor)
- Statistical Analysis of Weather and Climate Extremes, The American Meteorological Society's 22nd Conference on Probability and Statistics in the Atmospheric Sciences, 2 February 2014, Atlanta, Georgia (co-organizer and instructor)
- Introduction to R, Siparcs/HPC workshop, 21 May 2013 (invited instructor/organizer)
- An introduction to the analysis of extreme values using R and extRemes. Graybill VIII/6th International Conference on Extreme Value Analysis. Colorado State University, Fort Collins, Colorado. 22 - 26 June 2009 (invited co-organizer/instructor)
- Intense course for young researchers on R Statistical software for climate research with an introduction to extreme value analysis, Interdisciplinary Workshop: Effects of climate change: coastal systems, policy implications, and the role of statistics Workshop. Preluna Hotel and Spa, Sliema, Malta. 16 - 17 March 2009 (invited organizer/instructor)

Graduate Students

- Currently serving on Tian Yu Yen's Ph.D. committee at University of Colorado, Denver's Department of Mathematical and Statistical Sciences.
- Dissertation Committee Member, Diego Garzena, Ph.D., Università degli Studi di Torino, 17 February 2017
- NCAR Staff Sponsor for NCAR's Advanced Study Program (ASP) Graduate Student Visitor Program, Linyin Cheng, University of California, Irvine, (2013) Resulted in the papers Cheng et al. (2014a,b).
- Thesis Committee Member, Apputhurai Pragalathan, Ph.D., Swinburne University of Technology, (2012).

Colloquia and Workshops for Students

- Organizing committee for the 2011 ASP Colloquium on "Statistical Assessment of Extreme Weather Phenomena under Climate Change."
(<http://www.asp.ucar.edu/colloquium/2011/index.php>).
- Problem presenter for the 2009 Industrial Mathematical and Statistical Modeling (IMSM) Workshop for Graduate Students. Center for Research in Scientific Computation, Raleigh, North Carolina and the Statistical and Applied Mathematical Sciences Institute (SAMSI), Research Triangle Park, North Carolina, 20-28 July 2009. The topic was "Large-scale indicators for severe weather." Resulted in the Heaton *et al.* (2010) paper (see refereed publications above).

Problem presenter for the 2010 IMSM Workshop for Graduate Students. Center for Research in Scientific Computation, Raleigh, North Carolina and SAMSI, Research Triangle Park, North Carolina, 19–27 July 2010. The topic was “Space-time forecast verification: generalizing the image warp method from the spatial domain to the space-time domain.” Resulted in an NCAR Technical Note (Gilleland et al., 2010, see references above).

Reading Groups

Statistical Analysis of Extremes in Geophysical Science (<http://www.ral.ucar.edu/staff/ericg/extremereading.html>).

Forecast Verification (<http://www.ral.ucar.edu/staff/ericg/vxreading.html>).

Other Synergistic Activities

Committee Service

Member: World Meteorological Organization (WMO) World Weather Research Devision’s Joint Working Group on Forecast Verification Research (JWGFVR), 2/22/2018–12/31/2021.

NCAR node director for STATMOS (1/1/14–present, https://www.statmos.washington.edu/?page_id=266).

American Meteorological Society’s Probability and Statistics Committee (Committee Member: 1/16/2011–2/15/15, Committee Chair, 2/15/15–1/15/18).

Organizing committee of the Mesoscale Verification Intercomparison in Complex Terrain (Meso-VICT) project.

Lead organizer of the Spatial Forecast Verification Methods Inter-Comparison Project (ICP, <http://www.ral.ucar.edu/projects/icp/>).

Conference Organization

Co-organizer of the 30th Conference on Climate Variability and Change, 24th Conference on Probability and Statistics, and 16th Conference on Artificial Intelligence, 28–29 July 2017, Baltimore, Maryland, U.S.A.

Co-chair for the 4th International Workshop on Climate Informatics. 25 - 26 September 2014, National Center for Atmospheric Research, Boulder, Colorado, U.S.A. (<https://www2.image.ucar.edu/event/ci2014>) .

Organizing Chair for the 4th Annual UCAR/NCAR Early Career Scientists Assembly (ECSA) Junior Faculty Forum on Future Scientific Directions, 1-3 August 2006, Boulder, CO.

Software Development

R software packages (author and maintainer): `distillery`, `extRemes/in2extRemes`, `smoothie`, and `SpatialVx`.

Advisory role on the stand-alone software package: Model Evaluation tools (MET, <https://dtcenter.org/met/users/>).

Contributor to R packages: `RadioSonde`, `fields`.

Maintainer of R packages: `isnev`, `verification`.

Journal Service

Associate Editor: *Monthly Weather Review*, 1/2014–present.

Journal reviewer for: *Agricultural and Forest Meteorology*, *American Water Resources Association*, *Annals of Applied Statistics*, *J. Applied Meteorology and Climatology*, *Atmospheric Chemistry and Physics*, *Atmospheric Research*, *Canadian Journal of Forest Research*, *Chance Magazine*, *J. Climate*, *Climatic Change*, *Climate Dynamics*, *Communications in Statistics*, *Environmetrics*, *J. Environmental Management*, *Environmental Modelling and Software*, *Environmental Processes*, *Eos*, *Extremes*, *J. Geophys. Res.*, *Geophys. Res. Lett.*, *J. Hydrology*, *J. Hydrometeorology*, *Meteorol. Appl.*, *Meteorologische Zeitschrift*, *Mon. Wea. Rev.*, *Nature*, *Nonlin. Proc. Geophys.*, *Journal of the Royal Statistical Society C*, *SIAM J. Uncertainty Quant.*, *Stoch. Environ. Res. Risk Assess.*, *Water Resources Research*, *Weather and Forecasting*, *Wind Energy*.

Professional Society Memberships

American Geophysical Union, American Meteorological Society, American Statistical Association, and The International Environmetrics Society.

Awards, Honors, Citations

2014 Editors' Citation for Excellence in Refereeing for *Journal of Geophysical Research–Atmospheres*

2010 UCAR Scientific and Technical Advancement Award
